

# The Give Back Sack

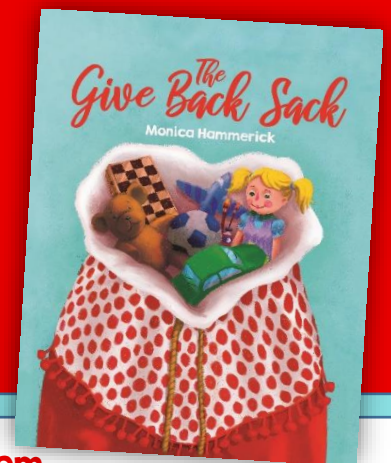

## Patch Program

1. Purchase The Give Back Sack Storybook and Sack Set. Enjoy reading the storybook with your scout friends and discuss how your generosity will make a powerful impact within your community. Decide whom you will make a donation to. Will it be a local charity, children's shelter, or your school district? Many charities will tell you the gender and age of the child in need.

2. Be one of Santa's helpers and fill up the Give Back Sack with new toys (most charities will only take unopened items). If you have too many toys, use a box or extra bag. Purchase gender and age specific items so the child receiving your donations will be sure to enjoy it!
3. Place The Give Back Sack storybook in the sack too. When your sponsor child has outgrown their toys, they will read the storybook and continue the giving tradition of donating toys to other children. You may want to tag your bag with the gender and age of the child you sponsored to ensure the charity will know who it should be given to.
4. Make the world a better place and deliver your Give Back Sack to your sponsor child. Kindness, joy and love were all shared by you!

A Christmas themed story written in rhyme explains the true meaning of the Christmas season...giving. Santa and his elves leave a special Give Back Sack at children's houses just before Christmas Eve. Old, new, or outgrown toys are specially chosen for other girls and boys all over the world to love again. The Give Back Sack is placed under the Christmas tree or next to the milk and cookies for Santa when he arrives on Christmas Eve.
